Important Words to Remember

ORGAN DONOR

WHEN YOU GET YOUR LICENSE, REMEMBER THESE IMPORTANT WORDS

They are important words to thousands who await life-saving organ and tissue transplants. Words that could help others regain sight through cornea transplants, heal from burns more quickly with donated skin, or walk without pain with transplanted bone.

Individuals who choose to save a life by saying "yes" to organ and tissue donation should place the donor designation on the license and sign a donor card. The wish to donate also should be shared with family and friends so that they are aware of the important decision that has been made to help others.

SOME QUICK FACTS ABOUT ORGAN AND TISSUE DONATION:

- There is no age limit for organ donation. The general age limit for tissue and corneal donation is 70.
- Most major religions support donation.
- Donation is considered only after death is declared.
- Donation does not hinder funeral arrangements.
- There is no cost to the family of the donor.
